1. LEGAL STATUS:

ARDAR is a registered Non Governmental Organisation in development action. It is registered under Societies Registration Act in 1990 (No. **64/1990**) at Vizianagaram in Andhra Pradesh, India. It is also registered with the Ministry of Home Affairs, Government of India under FCRA (No. **010350051**). It is further registered under 12 A and 80 G of Income Tax Act and with the Commissioner of P.F. Its PAN is **AABTA0775H**. Thus it has fulfilled all the legal requirements.

ARDAR is also registered with **National Trust, New Delhi** (No. **150417111315051**) and **Dept. of Welfare of Disabled and Senior Citizens, Vizianagaram** (No.1 of 2010).

ARDAR is certified as it adheres to the norms prescribed by good governance of voluntary organisations and is admitted to the membership of and recognised as the associate of **TIMES FOUNDATION** (of Economic Times group), **Give Foundation** (of ICICI Bank) and **CREDIBILITY ALLIANCE** (of Improving Governance Trust).

Sl.	Position	Name	Educational Qualifications	Professional Experience
1	President	Mr. V. Subba Raju	M. Sc	Retired Asst. Director, Ground Water
2	Vice President	Mr. P. G. Suryanarayana	B.Com.	Farmer and social service
3	Secretary	V.Pradeep	B.B.A.	Development Professional
4	Joint Secretary	Mr. M.Ganapathi Rao	M.Com, B.L,	Advocate
5	Treasurer	Mr. K. Vykunta Rao	B.Com	Service
6	Member	Prof. K. Sri Ram Murthy	M.A., B.L., Ph.D.	Professor of Economics, AU
7	Member	Ms. R.Kameswari	M.A.	Lecturer

Dr.V.V. Ramana, a Sociologist who has worked for more than 12 years as a Head of Sociology and Principal of a Degree College established ARDAR. He has also worked for 2 years as a Sociologist and In-charge Director in "Institute of Development and Planning Studies", Visakhapatnam. He was honoured with Best Teacher Award at the regional level and Young Scientist Award at the national level. He has taken up development work as a full time profession since 1990 by registering the organization, ARDAR. He continued as full time Secretary till 2012. Now, he voluntarily left from his post as he wanted a break and Mr.V.Pradeep has taken over the charge as Secretary of the organisation.Dr.V.V.Ramana will continue as Honorary President of ARDAR.

Mr. V. Pradeep has been associated with ARDAR since November 1999. He has worked in different levels and different projects as per the need of the organisation. He, being an student of

IRMA, Anand has also participated in many trainings, workshops and appraisals. Mr. V. Pradeep was unanimously elected as the Secretary of ARDAR from 9th April 2012.

Mr. V. Subba Raju, is a retired ground water expert worked in government sector for several years. He has conducted surveys and implemented project on watershed in tribal profound areas of ParvathipuramMandal of Vizianagaram district. He is attached with ARDAR for more than 7 years in different programmes, presently working as President.

2. VISION, MISSION and VALUES:

ARDAR has deliberately developed its Vision, Mission and Values by conducting lot of exercises with its Team.

VISION

Society in which excluded communities enjoy life of dignity and equality

MISSION:

- ❖ Empowerment of vulnerable communities to address causes that deny them equal opportunities for their quality of life (**OWNERSHIP**)
- ❖ Engagement with the state for inclusive policies and practices (**ACCOUNTABILITY**)
- ❖ Solidarity and involvement of other stakeholders in promoting inclusion and quality of life among vulnerable communities (**RESPONSIBILITY**)

VALUES

We believe in:

Mutual Respect	• Respecting others' ideas even if different • Sensitivity towards diverse cultures • Empathetic to vulnerabilities of people • Recognising the dignity
Equality	• Equality of opportunities / policies • Challenge discriminatory practices
Transparency	• Sharing information on resource use, decisions and actions • Proactive in sharing in a form / method relevant to excluded communities
Accountability	• Proper implementation of stated plan and seek consensus on changes • Take responsibility for consequences • Inclusion of excluded people's priorities in the plan
Excellence in Results	• Creativity, innovation in doing things differently • Perseverance in efforts till results are achieved • Quality orientation • Peoples' processes / centrality of people in process

3. OFFICE LOCATION:

ARDAR, Kotha Kopperla, Konda Jn (located on NH 5 Road), Kotha Kopperla (P.O), Singavaram (S.O.), Poosapatirega Mandal, **VIZIANAGARAM** district, Pin: 535 213, AP, India.
Phone: +91 8922 201355, Mobile: +91 94404 27723 E-mail: director@ardar.org.in

Also have field offices at Vizianagaram, Simhachalam, Visakhapatnam, Ranasthalam, and Ananthagiri.

4. Areas of Work:

ARDAR is working in areas of high concern and priority since 1990. The areas are identified on the basis of needs assessment conducted by ARDAR or / and on national or local priorities.

They are Children and Youth with Disabilities (both CBR and Institutional Care); Children Education; Child Labour; Street Children; HIV/AIDS; Human Trafficking; Women Empowerment; Helpless, Aged, Health Care; Water and Sanitation; Tribal Development; Natural Disasters; Capacity Building; and Studies / Research / Workshops / Evaluations.

i) Children and Youth with Disabilities:

ARDAR conducted a study in three Mandals (blocks) in the district of Vizianagaram. Latter a quick study is conducted in one tribal Mandal in Visakhapatnam district. It is found that there are several children and youth with disabilities. It is also observed that there are sizable children without any care givers. For instance, in a small marine fishing village (Thammayyapalem) where there are 71 families 4 such children (without any care givers) are there. Hence it is planned to create a campus to become a regional care centre for children and youth with disabilities.

Campus Challenge is a regional integrated care, support, training and empowerment campus for children with all types of disabilities.

We have started the construction in April 2008 and the entire campus in 7 acres of land is completed by February 2010.

We made:

- ✚ 10 homes for children;
- ✚ Huge Education Centre for special education, trainings, vocational courses, a conference hall and administration rooms;
- ✚ Health Care Centre for physiotherapy, operation theatre, post-operative ward, consultancy and outreach services;
- ✚ Youth Hostel (with separation for boys and girls) to accommodate 64;
- ✚ Kitchen and dining halls;
- ✚ Staff and service staff quarters;
- ✚ Guest rooms;
- ✚ Water tanks and other campus facilities;
- ✚ Roads and drainages; and
- ✚ Playgrounds
- ✚ A normal school with recognition and association with Xseed

Major events:

- The CBR (Community Based Rehabilitation) has commenced from 15th August 2009.
- The children reached to the homes in December 2009.
- Trainings for youth (1st batch with Computer PG Diploma course completed: from February to August 2010 and 2nd batch commenced in September 2010).

The main activities of Campus Challenge are:

1. Care and Support to disabled children who are in highly vulnerable situation. For this we have created a beautiful village with 10 homes each for 12 children. It also has facilities of special as well as inclusive education, health care, physiotherapy etc. At present we have 90 children out of the 120 capacity.

2. Trainings for disabled youth above 15 years of age. 38 youth in batches are already trained in PG Diploma in Computers and out of them 9 are facilitated to get jobs.
3. Preparing limbs and equipment.
4. CBR services related to health, education, livelihood, social and empowerment are in about 500 villages in three districts in AP covering about 1,000 children and youth with disabilities.

Friends Indeed, a Netherland based organisation has supported us for the entire construction; and equipment. For running costs Friends Indeed support for two year and ARDAR has to raise money from other sources.

Liliane Fonds, a Netherlands based organisation (its office in Secunderabad) is supporting in the form of CBR on individual sponsorship, case to case basis.

Several individuals (including few trusts and companies) are helping with generous donations in a smaller way but making good difference.

ARDAR seek support for care of 120 children with disabilities who live on campus; special education; rehabilitation. And also outreach services and disabled youth trainings.

ii) Child Labour / Quality Education:

ARDAR is working on child labour, child rights, and on Quality Education for children living in backward areas like traditional fishing villages, slums and tribal forest areas since two decades. The work is of three fold:

a. Providing basic Infrastructure:

It is found that class room facilities are not adequate in these areas hence new buildings are constructed to promote primary education. ARDAR constructed new buildings for Government schools and handed over to the education department. The efforts are continuing in tribal area:

- 15 buildings with 59 class rooms in traditional marine fishing villages
- 2 buildings with 16 class rooms in slums of Hyderabad & Secunderabad
- 11 buildings with 33 class rooms in tribal area, Ananthagiri are coming up in next two years

The above buildings are fully furnished, electrified and with learning and teaching material. In these efforts our main partner was Friends Indeed, the Netherlands and the others were MANASU, the Netherlands; Terre Sans Frontieres, Canada and ING Vysya Foundation.

b. Working on Rights of Children / Child Labour / Organising Bridge Classes for dropouts/child labour:

ARDAR is working relentlessly with children in child labour and bondage (with an agreement for consideration in kind) in traditional marine fishing and other coastal villages. We established a Centre in our own campus to home 70 such children and they are now in schools and colleges.

ARDAR is the Collaborative Agency for CHILDLINE in Visakhapatnam and Nodal Agency in Vizianagaram district. We organised in various years about 28 bridge classes for about 1600 children who are child labour and able to mainstream and continue education to the extent of 95%.

We organised bridge classes in all the above areas with the support of NCLP, Friends Indeed, MANASU, and CCI of Canada.

The efforts are now continuing in tribal and other areas.

c. Provision of Scholarships/Computer Education/Science and Maths promotion:

ARDAR is providing support in the form of scholarships for children to continue their education even after 10th or 12th classes. We doing these in all the areas we are working.

d. Promoting Community Participation:

Community participation through parents associations is formed, empowered and capacitated in all these villages/slums we are working.

e. ARDAR has also run **86 NFE centres in 5 Mandals** (by Zilla Saksharatha Samithi, Vizianagaram) covering 3,440 children/youth for one-year non-formal education and 3,275 children were mainstreamed into regular government schools.

f. Innovative Education Programme in 3 Mandals (Gajapathinagaram, Dattirajeru and Mentada in Vizianagaram district with the support of Vijayapadham Network (a USA based network). 100 bridge schools were organised and about 5000 children were mainstreamed.

Our efforts are continuing now in Ananthagiri Mandal and due to need we are interested in working on child labour and child rights and seek support in this sector.

iii) HIV/AIDS:

HIV/AIDS efforts are going on in Srikakulam, Vizianagaram and Visakhapatnam districts.

This is a Care and Support programme to Children Living / Affected by HIV/AIDS. ARDAR is working with 1847 children. The programme includes Nutrition support, household support, education, income generation to the families, socio-psychological and medical support. We are also organising a Health Centre for Opportunistic Infections. **Commenced from August 2007**

Further ARDAR is also working with 336 IDUs (injecting drug users) in the city of Visakhapatnam in prevention and non-spreading of HIV/AIDS. This project is under NACP – III NACO/APSACS. **Commenced from 15th August 2008.**

Supporting organisations are Friends Indeed (Netherlands); NACO/APSACS; Alliance India (Global Fund).

iv) Human Trafficking:

ARDAR has worked on Prevention of Trafficking, HIV and AIDS in most vulnerable 50 villages in three districts in Andhra Pradesh (Visakhapatnam, West Godavari and Krishna), support by UNDP. Further in partnership with Leadership for Results (L4R), working with focus in partnership with all Government Departments (AIDS Control Society, Women and Child Welfare Department, Nehru Yuva Kendras, Labour Departments, Public Relations Departs, Judiciary and Police), all NGOs working on HIV / AIDS and PLWHIV (Persons Living With HIV) Societies. This is during 1st July 2006 to 31st March 2007. With this backdrop we started a girl care centre for trafficked and abandoned girl children in the city of Visakhapatnam.

MANASU: Care and Support Centre for the Trafficked Girl Children in Visakhapatnam city (close to Simhachalam temple) is supported by MANSU, a Netherlands Organisation. The home is with

30 children and till now 51 children are unified with their families creating congenial environment. Now the Centre is also providing space for abandoned girls also. The home **Commenced from January 2008 has committed support for 6 years.**

v) Health Care, Water and Sanitation:

As primary health, water and sanitation are major concerns in backward and poor areas we are focussing on this sector from the registration of our organisation. The following are our major efforts:

Urban Slums Health Centre in Vizianagaram covering about 15,000 populations under World Bank supported (in the beginning three years and latter by Ministry of Health, Government of AP) Andhra Pradesh Urban Slum Health Care Project. The focus of work is on reproductive and child health. The age at marriage, safe sex and sanitation are the key concern areas. Ongoing ...**The Centre has commenced from June 2001**

Water, Sanitation and Preventive Health Care in 15 traditional marine fishing villages in Vizianagaram and Srikakulam districts supported by Friends Indeed, The Netherlands. The work is on preventive and promotive health care, sanitation, safe water and empowerment. **We did this from June 2007 till August 2010 and** created volunteers base to sustain the efforts of the project.

Support to drinking water activities and also toilets in fishing and tribal areas are taking up in an inclusive way since 2005 in every project like Action Aid; Oxfam; Friends Indeed; AFPRO.

vi) Tribal / Fishing area Development:

Long Term Sustainable Development / MDG (Millennium Development Goals) for tribal living in remote area of Ananthagiri Mandal, Visakhapatnam has commenced from November 2009. The programme is to reach the goals of education, economic development, gender, environment, health, water and sanitation by 2014. The programme is supported by Ministry of Foreign Affairs, Government of Netherlands through Friends Indeed, the Netherlands.

In the same way we have worked in traditional marine fishing villages on a long term Sponsorship Project – The project is for 10 years from January 1994 to December 2003 in all - 19 marine fishing villages in Vizianagaram district. It is a **sustainable development programme that covers Group Organization, Economic Improvement, Education and Health**. The people are capacitated to address their issues and generate resources for their livelihood and village infrastructure. The project has a greater impact on the lives of about 4,000 families (Supported by: **ACTIONAID**)

We have also take up Watersheds – Three watersheds (Dokisila, Mulaga and Bidevaramma Gedda) in Parvathipuram Mandal in Vizianagaram district supported by **NABARD & Gov. of AP** now in Capacity Building Phase. The Project has greater component of people's contribution. ARDAR has taken up capacity building, livelihood improvement and overall development along with development of watersheds. The Watersheds cover 19 remote tribal villages bordering Andhra and Orissa starting from January 2003 to December 2009.

We have also made efforts on **Innovative Replicable harvest, post harvest and livelihood empowerment in traditional marine fisher folk** in Srikakulam district. These efforts were supported by CAPART.

vii) Gender Issues / Women Empowerment:

We are presently supporting 826 **Women Headed Families** in helping business promotions and micro finance. Supported is by Friends Indeed and also ABN AMRO Foundation. These efforts are from 2005.

Further we started organising women into thrift and credit groups; fish processing and marketing from 1991 onwards with the support of IGSSS; GPC; Action Aid; CCI etc.

viii) Helpless Aged:

With donations from individuals and through Given India website we are supporting 110 helpless aged. We are doing this since 2007.

ix) Natural Disasters:

As we are working with traditional marine fishing communities and in coastal areas disaster mitigation, preparedness, relief and rehabilitation is a natural choice for ARDAR.

We started our work with the **Community Preparedness and Disaster Mitigation** in 11 marine fishing villages of Ranasthalam Mandal in Srikakulam district. Under this, extensive awareness, capacity building, real preparedness activities and all villages have come up with contingency plans and updating them each year. We did all this starting with the support of OXFAM GB for the period March 2001 to April 2003.

With **Tsunami**, we did **Relief and Rehabilitation in 4 districts** of Andhra Pradesh, India:

Tsunami Relief Projects: as an NGO actively working with fisher folk from 1990, has responded to the situation and taken up relief work from the day one in Srikakulam, Vizianagaram, Visakhapatnam, East Godavari, West Godavari and Krishna districts. This was supported by TIMES Foundation and Friends Indeed (a Netherlands organisation). January and February 2005
Budget: About Rs. 10,00,000

Tsunami Rehabilitation Efforts:

✚ **Repairs to 450 boats in 12 villages of Vizianagaram and Srikakulam districts benefiting 1580 families directly.** GIVE Foundation has supported us to take up this massive effort.

✚ With the support of a Netherlands based NGO, MANASU, we have worked in two villages, Bhogapuram Mandal in Vizianagaram district to provide livelihood to all the affected families. We have given 9 new fibre boats (FRPC) that have helped 87 families and taken up repairs to 21 fibre boats and 26 wooden boats that have helped directly to 230 families.

✚ Livelihood and sustainable social and economic development in 3 villages in Krishna district and 1 village in West Godavari district with support of **GIVE Foundation**. The livelihood restoration programme involves distribution of 2 aila bots with engine, 2 aila nets, 29 fibre boats, 45 wooden catamarans and 58 wooden boats. Besides this support a sustainable Disaster Fund is created and the incomes and employment opportunities are enhance through maximum utilisation of resources and group work within these villages.

✚ Livelihood Support in 4 districts of AP, viz., West Godavari, Krishna, Srikakulam & Vizianagaram – Providing new boats and nets of various types. **Friends Indeed, The Netherlands** (several organisations like ICCO, Cordaid, WildeGanzen, Rotary-Amsterdam-Landsmeer and individuals) supported the massive effort. Support:10 Aila Boats and 5 Nets; 5 Community Nets; 205 Fibre Boats & 205 Nets

✚ **Livelihood Support in 6 villages** in Mogalthur Mandal in West Godavari district – Providing new wooden boats and nets of two types. This was done with the support of **GIVE USA**
Support 40 Wooden Catamarans; 48 Small Wooden Boats & 40 Nets

⊕ **Restoration of salt fields in 3 villages** that are affected by Tsunami in three village and about 101 hectares.

⊕ Additional livelihood support for another 6 villages in West Godavari district is provided in 2010 also due to floods in this Tsunami affected villages.

We did all these from January 2005 to December 2007 and also in 2010.

x) **Capacity Building:**

Training of Primary Stake Holders on Water Conservation and Utilisation and preparation of Village Water Plans in Vizianagaram Districts in AP. Programme supported by **Water Conservation Mission, Commissioner of Rural Development in association with Netherlands agencies from November 2003 to December 2005**. It is for awareness building, training of trainers and facilitation of village water plans.

Target area of Coverage:	19 water stress Mandals
Villages Covered:	570
NRM Committee Members	Trained: 2850
1 st Phase Awareness:	One day each – 57 days
2 nd Phase TOT	Two days each – 114 days
3 rd Phase Plans Preparation:	105 Village Water Plans Prepared

In 2001 also, we have taken up a Capacity Buildings Programmes for CCPAs and Sales Men OF GIRIJAN COOPERATIVE SOCIETIES, in 2 districts (Srikakulam and Vizianagaram). Project by NISIET (an organisation of the Ministry of SSI & ARI, Government of India)

Besides this capacity building is a part of our work and our team has PRA professional to take up this task in a participatory way.

xi) **Studies / Research / Workshops / Evaluation:**

ARDAR is an action research based organisation. It has taken up several such activities. The following are the important efforts. In fact we commenced our work starting with area search study and then detailed two studies of traditional marine fishing community and toddy tappers in Vizianagaram district both with the support of IGSSS in 1990.

- Organised International Conference on 10th - 11th February 2011 on three issues related to persons with disabilities, viz. UNCPD, MDG and CBR Guidelines. Supported by Friends Indeed
- World Development Report (Consultations with the Poor): Dr. V.V. Ramana is a member of the study team of World Development Report 2000-01. Further 5 Team members of ARDAR involved in data collection through PRA methods in two sites out of 10 sites in India.
- Dr. Ramana and Mr. G. Sree Hari were assigned with a study of Crop Credit System at AID (Action in Distress), Vikarabad – the evaluation study report was submitted to the Project & ACTIONAID, the funding agency for AID in 1997.
- Dr. Ramana has assigned with Mid Term Review of ARTIC, Srikakulam in 1998. Assignment completed and report submitted to ACTIONAID.
- A study on Cyclone losses in the coastal villages, conducted on the request of the Vizianagaram district collector in 1997.
- A study of migration among the marine fishing community in the state of A.P. by Jagruthi and ACTIONAID – ARDAR has taken up the responsibility of Vizianagaram, Srikakulam and Visakhapatnam districts and the study is completed 1999.
- Perspective Document (for Long Term Interventions) - for GRSRDS, an ACTIONAID partner agency, 1999.
- Dr. Ramana is a member of STATE RESOURCE GROUP for PaWCUP (Participatory Water Conservation and Utilization Plan under NEERU-MEERU for the State and trained

- the representatives of 22 districts in AP and is in-charge for facilitators training for Vizianagaram, Srikakulam and Visakhapatnam.
- i) Dr. Ramana and Mr. Pradeep are Projects Sanctioning and Ratification Committee member of Pollution Control Board for the district of Vizianagaram and Srikakulam for about 9 years.
 - j) Dr. Ramana as a Secretary of ARDAR is elected as the Chairman of Disaster Mitigation and Coordination Network of Andhra Pradesh (DMCN AP), a registered body of about 200 NGOs in 11 districts (9 coastal and 2 flood prone) of Andhra Pradesh
 - k) Dr. Ramana has done Impact Assessment of Cyclone Relief work of OXFAM and CADME (a network of NGOs) along with other two members. Dr. Ramana is the Team leader.
 - l) Dr. Ramana has visited for an exposure – cum – study of disaster preparedness in various NGOs in Bangladesh from 4th to 13th June 2004 with the sponsorship of OXFAM – GB.
 - m) And also attended to International Conference on “Kid Power, Teen Power and Full Power” at Montreal, Canada from 19th to 30th August 2005 with full sponsorship from CIDA & Canadian Government.
 - n) And also participated in various workshops and made presentation in The Netherlands with the invitation of ICCO, Friends Indeed, MANSU and Edukans.
 - o) **Marine Pollution and Livelihood** – a project in 11 marine fishing villages in Ranasthalam Mandal of Srikakulam district. This is a study about the effects (on the livelihood of traditional marine fishing community) of dumping of pollutants by chemical and pharmaceutical industries into the sea done for **ACTIONAID in 1999**.
 - p) Coordinating NGO for **Participatory Poverty Assessment in the slums** of Vizianagaram under **Andhra Pradesh Urban Services for the Poor** (A DFID – Andhra Pradesh Government Project. The work involves coordinating PPA study; and preparation of Reports, Action Plans in consultation with the people were prepared. June 2002 to May 2003.
 - q) Organised a workshop on “**Sexual Harassment at Workplace**” to propagate the Supreme Court Judgement in Vizianagaram town and played an important role in constituting a Complaints Committee as per the Supreme Court Directions. The District Judge, Superintendent of Police, Advocates, NGO leaders, political office holders and bureaucrats attended the workshop. It is supported by **Andhra Pradesh Urban Services for the Poor** (A DFID – Andhra Pradesh Government Project in Feb 2003).
 - r) **Leadership Trainings in Two slums in Vizianagaram town** to demonstrate to the officials of Municipality for taking forward in other slums. Supported again by **Andhra Pradesh Urban Services for the Poor** (A DFID – Andhra Pradesh Government Project in March 2003.
 - s) **Awareness meetings on immoral trafficking among girl children**. 10 such meetings were organised to create awareness at all levels. ARDAR is designated as a Nodal organisation by the State Nodal agency PRAJWALA and **Department of Social Welfare, Govt. of AP April 2003**.
 - t) There are also several efforts during since **RCH (Reproductive Child Health)** - a thorough checking and support for women reproductive health in 13 marine fishing villages in Poosapati Rega Mandal, Vizianagaram district (Agency supported: **ACTIONAID in 1995**)

5. Partners in the Great Endeavours:

ARDAR has worked very actively for all these 21 years (since 1990) in partnership with several national and international organisations and corporate bodies. The supported / supporting agencies so far are:

i. Partnership with International NGOs:

- | | |
|--------------------------------|----------------------------------|
| 1) ACTIONAID-UK | 2) OXFAM-GB |
| 3) Vijayapadam-USA Network | 4) IGSSS-Germany |
| 5) GPC-Germany | 6) CCI-Canada |
| 7) MANASU – Netherlands | 8) Terre Sans Frontieres, Canada |
| 9) Friends Indeed-Netherlands* | 10) ICCO, Netherlands |

- | | |
|--|-------------------------------|
| 11) Cordaid-Netherlands | 12) WildeGanzen-Netherlands |
| 13) Rotary-Amsterdam-Landsmeer (Netherlands) | 14) Impulses, the Netherlands |
| 15) Global Fund (Alliance India) | 16) UNDP |
| 17) Royal Netherland Embassy, New Delhi | 17) MvM, the Netherlands |
| 18) GIVE – USA/UK | |

*** 9 to 14 organisations supported for the proposals of Friends Indeed & ARDAR**

ii. Partnership with Government Agencies:

- | | |
|---------------------------|--|
| 1. NABARD & Govt of AP | 2. APARD & MSU & DWMA |
| 3. NCLP | 4. CAPART |
| 5. ZSS-AP Education Dept. | 6. APUSP |
| 7. NISIET | 8. Ministry of Health, Govt of AP |
| 9. NACO/APSACS | 10. Women & Child Welfare, Govt of India |

iii. Partnership with Corporate Sector:

- | | |
|-------------------------|---------------------|
| 1. ING Vysya Foundation | 2. TIMES Foundation |
| 3. GIVE Foundation | 4. STAR NEWS |
| 5. ICICI Bank | |

iv. Individuals/Trusts/Companies: for Corpus and General Fund of Campus Challenge (Centre for children/youth living with disabilities).

6. THE TEAM AND STRUCTURE:

The Team of ARDAR is with committed, trained and articulated persons. Dr. Ramana, a sociologist and a development professional with background experience in teaching, research and writing leads the Team. The team of ARDAR have several skills and capacities that they gained through trainings and gross root level works. There are 18 main staff members with trainings in professional institutes on Project/Programme Management, PRA, Management Appreciation Programme, Disaster Mitigation and Preparedness, Group Organisation, Leadership, Rights Based Work, Education, Health, Co-operatives, Post Harvest Fisheries, NRM, MLP, Sponsorship Administration, HIV/AIDS, Computers and Accountancy. Further the Team documents process very carefully and use them for learning, feedback, further planning and monitoring. The team also include two doctors, two doctorates, one experienced Ground Water specialist and several trained Social Workers.

Altogether the Team of ARDAR is - 103

7. BANK ACCOUNTS:

ARDAR's **Foreign Currency Bank Account No. 329001010011068, Union Bank of India, Vizianagaram, Andhra Pradesh, India.**
(SHIFT: UBININBBVIS)

Non FC General Accounts are in Union Bank of India, Corporation Bank, and Karur Vysya Bank in Vizianagaram; ICICI Bank, ING Vysya Bank and Andhra Bank in Visakhapatnam.

8. ASSETS OF THE ORGANISATION:

- | | |
|--|--|
| <ul style="list-style-type: none"> • Land of 7 acres located Campus Challenge (Centre for the children with disabilities) with Office Building and a big building for Child Care Centre and residential rooms, class rooms, Training Centre and Guest Room • Ambulance • 3 Four-Wheelers: 2 Mahindra Scorpios and 1 Ford Endeavour | <ul style="list-style-type: none"> • 7 two – Wheelers • 15 Computers, printers etc. • Fully equipped Conference Hall • Computer Training Centre with 20 computers • Video & Digital Cameras • LCD Projectors • Office furniture and equipment |
|--|--|
